It's a party this GFN Thursday with several newly launched titles streaming on GeForce NOW . Revel in gaming goodness with Xenonauts 2, Viewfinder and Tectonica, among the four new games joining the cloud this week.

Portal fans, stay tuned — the Portal: Prelude RTX mod will be streaming on GeForce NOW to members soon.

Plus, find out how members can score an upcoming Guild Wars 2 premium reward.

Choose from over 1,600 games in the GeForce NOW library, starting off with the titles making their cloud debut. Be among the first to experience Xenonauts 2, Viewfinder and Tectonica from a high-performance GeForce RTX gaming rig in the cloud, without worrying about download times or system specs.

Take on a different perspective in Viewfinder, the new single-player game from Thunderful Publishing. Gamers can challenge perception, redefine reality and reshape the world around them with an instant camera. Capture pictures and bring them to life by placing them into the scene in this mind-bending reality adventure.

Those looking for something out of this world can check out Fire Hose Games' Tectonica , set in a strangely beautiful, bioluminescent, mysterious subsurface alien universe. Play solo or with a buddy to build factories, gather resources, research new technologies and uncover long-forgotten secrets.

Fans of the Xenonauts series can look forward to the second entry in the franchise from Hooded Horse. In Xenonauts 2 , work as the head of a multinational military organization tasked with eliminating an extraterrestrial threat. Play from the shadows to seek out and engage a growing alien presence.

Catch these titles fresh out of the oven and upgrade to a premium membership for faster access over free members.

Starting next week, Ultimate and Priority members get an exclusive reward for the hit MMORPG Guild Wars 2 . The "Always Prepared" and "Booster" bundles will bring premium members a combo of helpful tools, cosmetic items, a mini pet and more.

Upgrade to an Ultimate or Priority membership today, and visit the GeForce NOW Rewards portal to update the settings to receive special offers and in-game goodies. Better hurry — these rewards are available for a limited time on a first-come, first-served basis.

Grab them in time for the fourth expansion of Guild Wars 2, coming to GeForce NOW at launch on Tuesday, Aug. 22. The Secrets of the Obscure paid expansion includes a new storyline, powerful combat options, new mount abilities and more.
