

GFN Thursday Slides Into September With 22 New Games

Plan this month's adventure with the latest additions, including 19 day-and-date releases.

Author: GeForce NOW Community

We'd wake you up when September ends, but then you'd miss out on a whole new set of games coming to GeForce NOW .

Gear up for 22 games joining the GeForce NOW library , with 19 day-and-date releases including action role-playing game Steelrising . Playing them all will take some serious strategy.

And build the perfect Minifigure Fighter in LEGO Brawls , one of 10 new additions streaming this week.

Finally, did you hear? The 2.0.44 update, starting to roll out now and continuing over the next week, is bringing new audio modes to the PC and Mac apps. Priority members can experience support for 5.1 Surround sound, and GeForce NOW RTX 3080 members can enjoy support for both 5.1 and 7.1 surround sound.

The revolution is streaming from the cloud. GeForce NOW brings 22 new titles in September to nearly all devices. Steel yourself for the challenging action-RPG Steelrising , arriving later this month at launch with RTX ON.

Play as Aegis, a mechanical masterpiece, and save France from the madness of King Louis XVI and his army of mechanical soldiers. String together dodges, parries, jumps and devastating attacks to fight through Paris. Encounter allies and enemies in historical figures like Marie Antoinette, Lafayette, Robespierre and more.

Lead the revolution across low-end PCs, Macs and mobile phones . Experience Steelrising with beautiful, cinematic graphics turning RTX ON and take cloud gaming to the next level by upgrading to the RTX 3080 membership , streaming at 4K resolution on PC and Mac native apps.
