

Prepare for Genshin Impact, Coming to GeForce NOW in Limited Beta

GFN Thursday brings announcements from CES, including two more EA titles; plus eight games coming to the cloud in January.

Author: GeForce NOW Community

GeForce NOW is charging into the new year at full force.

This GFN Thursday comes with the news that Genshin Impact , the popular open-world action role-playing game, will be coming to the cloud this year, arriving in a limited beta.

Plus, this year's CES announcements were packed with news for GeForce NOW. Battlefield 4: Premium Edition and Battlefield V: Definitive Edition join the exhilarating collection of Electronic Arts titles streaming from the cloud. Plus, a GeForce NOW promotion is available for AT&T; 5G customers, and GeForce NOW will be streaming on Samsung TVs later this year.

And, as always, for the first GFN Thursday of the month, we've got the list of new games joining the GeForce NOW library . In January, eight titles are joining the cloud, with two ready to start streaming this week.

Get ready for an epic fantasy adventure, Traveler. Genshin Impact is coming to GeForce NOW in a limited beta for GeForce NOW users on Windows PCs. To learn if you have access to the beta, members with a miHoYo account can search for Genshin Impact in the GeForce NOW Windows app to see if the beta is available.

You are a traveler from another world, stranded in the mysterious and fantastic land of Teyvat. Embark on a journey to reunite with your lost sibling and explore the seven districts, each presided over by seven elemental gods known as the Archons.

Manipulate and master the various elements to defeat enemies and solve challenging puzzles. Meet the inhabitants of Teyvat and build up your party from over 40 playable characters — with more to come — each with unique abilities, stories, personalities and combat styles.

Experience an immersive campaign, charge head-on into battles solo or invite friends to join your adventures in a vast magical world.

Members can now play Battlefield 4: Premium Edition to embrace unrivaled destruction and experience the ultimate war in Battlefield V: Definitive Edition , streaming from the cloud.

These new additions will join the existing EA catalog available to GeForce NOW members, which includes the massively popular, high-speed hero shooter Apex Legends , already streamed by more than 1 million members.

For the mobile gamer, AT&T; and NVIDIA have joined forces as collaborators in 5G technical innovation to deliver one of the world's best gaming experiences. To celebrate, a special promotion for certain AT&T; 5G subscribers is ongoing.

Going from the small screen to the big screen, look for GeForce NOW to arrive on select Samsung TVs later this year.

Our CES blog has more information on these announcements.

A new month (and a whole new year) means a new batch of games. 2022 kicks off with eight new titles coming throughout January.

Coming to GeForce NOW on January 20th is Tom Clancy's Rainbow Six Extraction . Join millions of players in the Rainbow Six universe. Go it alone or in a squad of three in thrilling co-op gameplay. Pick from 18 unique Operators and enter the containment zone to take on the ever-evolving, lethal alien threat known as the Archaens.

Gear up for two games arriving this week:

Battlefield 4: Premium Edition (Steam and Origin)

Battlefield V: Definitive Edition (Steam and Origin)

Also coming in January:

The Anacrusis (New release on Steam , Jan. 13)

Tom Clancy's Rainbow Six Extraction (New release on Ubisoft Connect , Jan. 20)

Mortal Online 2 (Early access on Steam)

Ready or Not (Early access on Steam)

Fly Corp (Steam)

Garfield Kart – Furious Racing (Steam)

We make every effort to launch games on GeForce NOW as close to their release as possible, but, in some instances, games may not be available immediately.

On top of the games announced in December, some extra games made it to the cloud last month — including some of Epic Games Store's 15 days of free games promotion. Check out these additions:

Anno 1404 History Edition (Ubisoft Connect)

The Crackpet Show (Steam)

Inscription (Steam and Epic Games Store)

Moving Out (Epic Games Store)

NARAKA: BLADEPOINT (Epic Games Store)

One Hand Clapping (Steam and Epic Games Store)

Prison Architect (Epic Games Store)

Salt and Sanctuary (Epic Games Store)

Second Extinction (Epic Games Store)
